

Koenig & Strey

Insurance Agency

I'm just renting.
Why do I need
insurance?

Because a landlord carries insurance to protect their interests...not yours.

PERSONAL PROPERTY

Take a look around at all of your possessions. How much would it cost you to replace all those things in the event of a fire or natural disaster?

- Furniture
- Jewelry
- Smart phone
- Computer equipment
- mp3 player
- Flat-screen TV
- Clothing

LIABILITY

What if someone slipped and fell on your freshly mopped kitchen floor? You may only pay rent, but you could be held liable for injuries sustained within your rental.

- Dog bites: Nearly 2.5 million people every year are bitten by dogs on the dog owner's property.*

- Inappropriate behavior of a family member or guest
- Slips and falls

Make sure you know what your landlord's insurance policy covers and what it doesn't.

You have options. Koenig & Strey Insurance Agency can help.
